

Welcome To **Healthcare Reimagined**

You've never experienced care like this before.

Your health is our only focus.

That's why we've designed the entire care experience with you at the center.

It's only available to you and your coworkers. You'll have all the time you need with a provider and you won't be rushed out the door. Use the care center for screenings, chronic disease management, that nagging cough, or that annoying pain in your knee that you've been ignoring.

**Did we mention that coming to the care center won't cost you anything?
It's true.**

“

“The whole Vera experience almost seemed too good to be true, it is the way healthcare SHOULD be but never is ... I will be back, it was a great experience. And to be able to come on my lunch break was priceless!”

”

- VERA PATIENT

The best way to get started is with an Annual Whole Health Evaluation. You'll have the opportunity to receive an incentive through the Hidalgo County Wellness Program when you've completed your Annual Whole Health Evaluation and your Aetna Health Risk Assessment. Call (956) 287-3099 to schedule yours today.

Care You Never Imagined Was **Possible**

The Annual Whole Health Evaluation is where everything starts. During the evaluation, your care team will get to know you, uncover any health issues, hear about your motivations, and develop a care plan to help you live healthier. This will be the foundation of your ongoing relationship.

It includes three things:

Biometric Screening

Provider Wellness Exam

Coaching Connection

Don't worry. Your personal health information is secure and not available to your employer.

FAQ

What if I already have a primary care physician?

No problem — the Vera medical team will be there for you no matter who you see outside the care center. If you want to keep your primary care physician, consider Vera an extension of your care team. It's even a great idea to put the Vera medical team in touch with your physician so they can give you the exact care you need when you need it. Your health always benefits when everybody communicates.

Is the care center only available to employees on the County's health plans?

Yes, the new care center is only available to Hidalgo County employees and their dependents, ages 3 and older, that are covered under the County's Aetna Health Plan.
